## SUMMARY

My name is Kris Abildgaard. I was born in Copenhagen, Denmark but have lived on and off in the US for the last 20 years. I have a BFA in commercial photography and graphic design and work as the Director of Marketing for two alcohol companies. Over the last couple years I have gotten the chance to design scopes for a couple of websites. Now I am curious about the inner workings of the coding that makes my designs come to life!

## TECHNICAL SKILLS

**Languages:** HTML, CSS, JavaScript

**Applications:** Github, Visual Studio

## PROJECTS

Quench & Appetite: <https://kabildgaard.github.io/Project-1/>

Work Day Planner: <https://kabildgaard.github.io/Work-Day-Planner/>
